DIED AT HOME IN LOUISVILLE

**MR. HENRY BAKROW, OWNER
OF THE PALMER CIGAR
STAND, DEAD.**

**PASSED AWAY WITH
SPINAL MENINGITIS**

**MR. ANDREW HERZOG DIED
OF PARALYSIS IN COUN-
TY YESTERDAY.**

**Develops That Mr. Thomas Corbett
Committed Suicide by Taking
Carbolic Acid.**

Mr. Henry C. Bakrow, one of the owners of the Palmer hotel cigar stand here, died Friday night at Louisville where he resides, his manager operating the stand in the Paducah hotel. He had made a number of trips to the city and many warm friends resulted from his intermingling with Paducahans, who found him a congenial and excellent gentleman.

The Louisville Post of yesterday speaks as follows regarding his death:

"Henry C. Bakrow, a highly esteemed young business man, died at the home of his father, Mr. Moses Bakrow, 204 West Burnett avenue, at 9:45 o'clock last night.

"Death came after an illness of only a few days and was totally unexpected until yesterday morning, when a diagnosis revealed spinal meningitis. Few of his friends and acquaintances knew that he had been ill until the news of the end reached them.

"Besides his father, he is survived by two brothers, Emanuel and Richard Bakrow, with whom he had been associated in the cigar business for many years. He also leaves two sisters, Miss Carrie Bakrow and Mrs. L. D. Nessler, the latter of New York. Mr. Bakrow was forty years of age and a native of Louisville. He was widely known in the fraternal world, being a member of the St. George Lodge of Masons, a Shriner and an Elk.

"The funeral arrangements will not be made until Mrs. Nessler, who has been telegraphed the news of her brother's death, is heard from."

Died of Paralysis.

Mr. Andrew Herzog died at 2 o'clock yesterday afternoon at his residence in the Bonds' Station section of the county, after a several weeks illness with paralysis.

The deceased was forty-seven years of age and a well known farmer of that vicinity. Besides his son, Mr. Race Herzog, he is survived by his mother, two brothers, Messrs. John and Fred Herzog, and one sister, Mrs. John Schmidt.

The funeral ceremonies will be conducted at 2 o'clock this afternoon at the residence, with interment following at the family cemetery.

Mr. Corbett Committed Suicide.

Friends of the late Mr. Thomas Corbett in this city will regret to learn that the young man ended his own life Thursday at Chicago, committing suicide by taking carbolic acid at the residence of his sister, Mrs. Arthur Cray, of the Windy City. The Chicago Record-Herald of yesterday morning speaks of the incident as follows:

"Facts surrounding the death of Mr. Corbett were obtained by Deputy Coroner Webster with difficulty. A letter written by him finally was found telling of his decision to commit suicide on account of ill health. He explained that he could no longer endure the suffering which had made life unbearable for years. He left instructions that his estate of \$20,000 be divided between his mother and sister. Corbett was employed by the Van Fleet & Mansfield Drug company, of Memphis, and came to Chicago two months ago to visit his mother, Mrs. Mary Corbett, and his brother-in-law, Arthur V. Cray, in Rogers Park. His body was found by Mrs. Corbett."

The remains arrive here this morning at 7:45 o'clock from Chicago, accompanied by his family and will be taken to the First Christian church, where the funeral services occur at 9 o'clock. Rev. W. H. Pinkerton officiating. Burial follows at Oak Grove cemetery, the pall-bearers being Messrs. Joseph Yeiser, Robert B. Phillips, Henry Overhey, Edward Clark, George Kolb and James C. Utterback.

FIGHTER KNOCKED UNCONSCIOUS

**HENRY DICKE IS RENDERED
SENSELESS FOR SOME
MOMENT.**

Terrific Fight Between Him and Robert Hays on North Fourth—Man Named Boyd Killed Another.

Quite a deal of excitement was created last night at 11:30 o'clock along "Saloon Row," on North Fourth street just off Broadway by Henry (Dutch) Dicke being knocked unconscious by Robert Hays, son of the barber. It occurred during a fight, and about 100 people collected, excitement running pretty high for a moment. Hays was locked up and Dicke sent home in a cab to be arrested today.

Both had been drinking pretty hard and in front of Sherrill's saloon began quarreling and then fighting. Hays started to strike Dicke with a bottle, but others yelled for him not to do it and he dropped the missile. Then with an awful blow from his fist he knocked Dicke down, the force of the blow and concussion with the sidewalk rendering Dicke unconscious. He was carried into a nearby pool-room, where Dr. Jeff Robertson attended him, his lip and face being painfully cut. He was then sent home, while Judge R. T. Lightfoot, who happened to be passing, took Hays to the city hall, where he was arrested and locked up.

Man Killed Another.

Word came to this city last evening that a farmer named Boyd had killed another farmer at Olivett, which is half way between this city and Benton on the gravel road. The information was that Boyd went to Benton and gave himself up, claiming that the killing was done in self-defense, but further than this no particulars could be procured.

ANOTHER CASE OF SMALLPOX

**LITTLE GIRL OF MR. JAP
TONER TAKES ILL WITH
DISEASE.**

**Health Authorities Undecided as to
Whether the Lee Building Shall
Reopen Tomorrow.**

Another case of smallpox has developed, it being the 6-year-old girl of Mr. Jap Toner, the secretary of the Charity club and typewriter man. The little girl evidenced symptoms of sickness yesterday, and on the father having Health Officer Wm. Graves to examine the child; it was found she had the disease. The home was put in quarantine and Mr. Toner permitted to leave the house, provided he does not enter the sick room, but he will probably remain constantly at home and in order to carry on the club business has installed a telephone, 2478.

The little Toner girl attended the first grade room at the Lee school building on Fourth and Ohio streets, and doubtless contracted the ailment from exposure there, as it was in this room that two other children took sick, one of them getting well and returning to school, as the attending physician pronounced the ailment chicken pox. In this way the ailment got scattered.

That school building has been closed for nearly three weeks now and the health authorities were considering letting it reopen tomorrow and the children go back to their studies, but development of this new case makes it uncertain as to whether the building will be thrown open.

Mr. Toner lives at 319 Jackson street.

Injury Proved Fatal.

At 1 o'clock yesterday afternoon Fred Wade died at the railroad hospital as result of being run over by an Illinois Central passenger train Friday night at 9 o'clock near Horse Branch, Ky. The left arm was mangled and back of head crushed. He was brought here at 4 o'clock yesterday morning and placed in the hospital, where he lingered nine hours.

He was alighting from the train near Horse Branch when he fell underneath the wheels that passed over his body. He was 37 years of age and is survived by his wife and child.

The body is at the Guy Nance & Son undertaking parlors, on South Third street, where it will be held for the relatives, who will take it back home.

Deputy Brown came in yesterday morning from Mayfield with Philip Skinner, colored, who is accused of handling whisky illicitly also. He was locked up in the county jail for trial next Thursday before United States Commissioner Armour Gardner. Skinner is charged in a federal warrant and Carman by the state authorities.

He is sixteen years of age and ran away from his Bluff City home the first of this week. His father is a well known merchant there and had Chief O'Haver wire the Paducah officers to watch out for the chap and detain him. The boy passed through before the officers could intercept him.

MAKES MILLION IN WHEAT.

**Edward C. Wall of Wisconsin Gets
on Right Side of Market.**

Milwaukee, Wis., May 18.—It was reported today that Edward C. Wall made \$1,000,000 yesterday in wheat. This may be an exaggeration, but it is a fact that Mr. Wall made a good-sized fortune.

Mr. Wall has long been rated as a millionaire. He retired some years ago from a grain commission house here. He was a candidate for the presidential nomination on the democratic ticket against Alton B. Parker. He was recently married to his stenographer.

When a man's first baby arrives he wants to treat all his friends; when the seventh comes along he expects all his friends to treat him.

Every man ought to marry a woman who is a good manager, because few men are any good unless they are properly managed.

BOILING RAGE OVER DEFEAT

**MR. BUNK GARDNER LOST CON-
TROL OF HIS REASONING
POWERS.**

**Lunged at Hon. Jerry Porter and
Pulled His Knife, When Friends
Interfered at Hotel.**

Doubtless serious trouble was narrowly averted late yesterday afternoon in the rotunda of the Palmer hotel by bystanders interfering when Mr. Bunk Gardner, the candidate for state railroad commissioner, wanted to fight Hon. Jerry M. Porter, of Clinton, as the result of Hickman county instructing its delegates for McD. Ferguson yesterday in the state railroad commissioners' convention. Mr. Gardner was overpowered and led away by friends.

Mr. Porter owns stock in the newspaper published at his home city, Clinton, by Editor Walker. When the returns from Hickman county, of which Clinton is the county seat, were received here yesterday it showed the delegates had been instructed to vote for Hon. McD. Ferguson at the Henderson convention Tuesday.

When Mr. Gardner, who was fighting for the Hickman instructions, heard of his defeat there he met Mr. Porter in the Palmer rotunda and claimed to the latter that Editor Walker, Mr. Porter's partner, had played the traitor to Gardner. Mr. Porter said he expected not, as Mr. Walker had been outspoken for Mr. Ferguson. Mr. Gardner claimed that Mr. Walker had promised to help him get the Hickman instructions, but that he (the editor) had betrayed Mr. Gardner and supported Ferguson.

Mr. Porter replied that he had nothing to do with it, as he had no active connection whatever with the paper in which he owned stock, and furthermore he could take no hand in the political controversy, as he was a republican. Mr. Gardner retorted that hereafter when he and Mr. Porter met it would be as strangers, and Mr. Porter's reply to this was that they had always been strangers, as far as he was concerned, and he cared nothing if it was continued. Mr. Gardner became furious about this time, used some very strong language, lunged toward Mr. Porter, at the same time, it is claimed, pulling his knife from his pocket but bystanders interfered and the incident came to a close. Mr. Porter tried to avoid any controversy throughout.

He declared, moreover, that the sentiment for Taft is so strong that if further opposed or in any way misrepresented by Senators Foraker and Dick, it will demand expression in a popular convention.

ELECTRIC RAILROAD

PADUCAH TO CAIRO

SPLENDID INVESTMENT!

FIGURE IT YOURSELF!

\$90.00 Buys \$100.00 Share of Stock Which Will Earn 6 per cent. This is a Conservative Statement. \$900.00 Buys \$1,000.00. Bond Bearing 5 per cent interest.

This Electric Road Is a Necessity.

The conditions which we are building this railroad to meet, are so unusual that it is hard to gauge the possible and probable powers accurately, for we do not believe that there is in the United States of America today any section of country as badly in need of an electric railroad as the country traversed by the proposed Paducah and Cairo Electric railroad.

Glance at the map and you will see that this is a thickly populated country, the two terminals have over 50,000.00 people. The farming throughout this section is stupendous, and shows that the amount of freight handled will be so great that would seem necessary to figure not how we are going to get the business but how we are going to take care of it.

Why This Road Should be Built.

It is conceded by all that a line of this kind will give territory through which will operate what has been needed for some time. The shipper will soon learn that there will be no sickly excuse of car shortage; that there will be no excessive freight charges, that you can come and go almost any hour in the day, that you can spend a day in the country at a minimum cost, that you can come to the city and do not have to have long tiresome waits for a train, and that the small stockholders—we hope you will be among them—will have an investment paying a good dividend. Electric railroads are paying handsome dividends all over the country, we know of no failure of any such line to do so. We are trying to show you that this is the time to lay aside

a nest egg for the future. There may be some fear that this railroad with tremendous earning power will be bought up by some set of capitalists, but, remember, if your stock is in your hands the only way they can get it from you is to pay you your price for it.

Our advice to you is to invest every dollar that you feel you can spare for the next year or two in this railroad, or bonds, a careful study of all the facts in the case, the conditions the country through which this line will pass, will show you the wisdom of such a course.

Will Earn Good Dividend.

We base this on enormous business the road will do; Small amount of securities issued—no watered stock—the economical way in which the property can and will be operated.

Football Rules Again.

New York, May 18.—The football rules committee is in session at the Murray Hill hotel today. The rules have been rectified for the coming football season, and final action upon them is to be taken at the present meeting.

“DRUMMERS DAY” WAS A VERY PLEASANT GATHERING

STATE CONVENTION CLOSED LAST EVENING WITH ELIGANT BANQUET AT THE PALMER, COVERS BEING LAID FOR 100, AND HON. JERRY M. PORTER, OF CLINTON, PRESIDED AS TOASTMASTER—LOUIS F. KOLB NAMED STATE PRESIDENT AND COUNCILMAN LACKEY RE-ELECTED SECRETARY-TREASURER.

A swell banquet was given last evening at The Palmer by the Paducahans to their visitors, and in this happy and enjoyable manner was brought to a close the annual convention of the Kentucky Traveling Men's Protective association. Hon. Jerry M. Porter, of Clinton, in his inimitable manner, presided as toastmaster over the festive board, and conducted things in the happy, sparkling way characteristic of his sunny and genial nature. The responses he called for were many and greatly enjoyed, while the feast was served in many courses while sweet music for the occasion was rendered by an excellent orchestral band.

The attendance was a good-sized one when the convention was called to order yesterday morning by State President Carl A. Finch, of Louisville, at the general assembly chamber in the city hall building.

Most of the time was consumed to hearing reports from the various committees, and the statements showed the past year to have been the best from the standpoint of new members procured, then for any preceding year for a long time in the past. Secretary Lackey's statement also showed a healthy financial condition of the order.

Mr. Jones, of Louisville, offered for adoption a resolution condemning further legislation by the state inimical to railroads, but his document was defeated by an overwhelming vote.

Heretofore the state secretary-treasurer has been receiving \$350 yearly for his services, but the convention raised this by \$100, making it \$450 annually hereafter, while it was also arranged to partially reimburse the national convention delegates for their traveling expenses incurred going and coming.

The body voted for the Kentucky delegation to work for election of W. D. Gray, of Louisville, as a director of the national organization at the Jamestown gathering next month.

Owensboro was decided upon as the place for holding the 1908 convention that city having the youngest population in Kentucky, but with a large, flourishing membership.

Field Secretary Lee Wilson, of the Gideons, composed of christian traveling men, had adopted a resolution recommending whenever a traveling man finishes with his newspaper aboard a train that he pitch it out the window so the railroad employees working along the tracks can get it and read the news. If the drummers leave their papers on the seats the news butch grabs it up, smooths it out and resells it many times to other customers.

Before adjourning the election of officers was held, together with directors, delegates and committees as follows:

President—Louis F. Kolb, of Paducah.

First Vice-President—B. J. Jansen, of Louisville.

Second Vice-President—George H. Cox, of Owensboro.

Third Vice-President—J. E. McKeel, of Mayfield.

Fourth Vice-President—D. C. Worsham, of Henderson.

Fifth Vice-President—F. M. Fisher, of Paducah.

Political Conditions in Paducah.

Never before in the history of Paducah have such political conditions existed as those under which the politicians labor at this time. They are all at sea. Over two weeks have elapsed since the democratic city primary and the dissatisfaction instead of subsiding is on the increase. The democratic cowboys or curb-stone spiels have been incessant in cracking the party whip over the rank and file in their efforts to round them up for the ticket, but the intelligent voters laugh at them and refuse to be soothed or to stand hitched. The great herd of common people seem to have stampeded and many of the old democratic warriors stand off like angry bulls with heads lowered, eyes flashing and literally pawing up the earth. The party lash has no effect upon them and its terrors is a thing of the past. They cannot and will not swallow the ticket. Men who take but passing interest in politics are vehement and outspoken. We have seen many sores that heal and we have seen sores that would not heal, and the latter kind predominates at this time. Such things as "party regularity," "the ticket" and "negro domination" act as an irritant rather than a salve, and the sores seem to spread.

The republicans, however, are just as much at sea. The genuine republicans see a chance to win, but it is not a cinch that certain other influential republicans, republicans in name only, desire to see the party win—their interests lie in the other direction or they are so situated that they cannot be of substantial aid to their party. For appearance sake, however, they would have to put up a good front, but at the critical time they would have to lay down. Aspirants galore are courting the republicana nominations but the suspicion of a "throw down" is ever present and none of them would relish a defeat. Every republican with the bee in his bonnet is busy casting the sounding line for the shoals and the rocks, and where he is an inexperienced hand an old mariner often shows him the dangerous places that he is likely to strike, and he forthwith rubs his chin and seems at sea. While the grindstones are working overtime on the democratic side of the fence, sounds come from the other side of the same character; and each faction seems to be getting his knife good and sharp for the other faction on his side of the fence. Treachery in the ranks of the republican party is what the several aspirants dread more than anything else, and while the "walk-over" spirit seems to be cherished, the skeleton in the party's family closet is ever present and by rattling its bones commands constant attention.

The democrats have nothing to tie to, for this ticket does not command the confidence nor respect of the masses—this is a fact, no matter how unpleasant it may be to the wire-pullers. The republicans, with a history teeming with petty jealousies and party treachery, will find it difficult to get together on a man who can lead a united party, not be subjected to betrayal and at the same time get the votes and influence of the hundreds of dissatisfied democrats, as well as the independent voters, the most discriminating element in politics.

The independent element is simply resting on their oars and awaiting developments. From expressions it is a foregone conclusion that the democratic ticket will not get the support of the independent element. They have nothing to ask, nothing to ex-

pect and will vote just as it suits them to vote, and let it go at that. There is also another element to reckon with, and it is that which opposes whisky domination and stands for the strict enforcement of the law. This issue has become quite acute at this time and all other issues are secondary with them for the present.

All of the facts referred to above conspire to make the conditions in this city at this time something out of the ordinary, and as quite inviting to a citizens ticket composed of men who enjoy the confidence of the public, but even then there is an element of uncertainty about its success, and its effect upon the general result might be contrary to the second choice of those supporting it. There can be no doubt but what a critical time in the affairs of the city is now at hand, and a healthy and earnest effort, backed by untiring work until the close of the polls on election day for a non-partisan ticket, would sweep things and redound to the city's welfare, but the risk must also be considered.

What we say above may not suit the fancy of some, but we propose to point out conditions as they exist, and there are abundant facts to support all that we have said on the subject.

The Local Convention.

No fault can be found with the convention held in this city yesterday afternoon to instruct delegates to the railroad commissioners' convention at Henderson. It was a representative convention in every respect, being composed of men from every walk of life—bankers, merchants, professional men, mechanics, laborers, farmers and others. About 600 was assembled on the court house lawn and everything was fair, open and above-board, and no just cause exists for complaint.

This county puzzled the most skilled politicians and in a three-cornered fight between Landram, Ferguson and Gardner no one could with safety forecast the result. There is a large colony of Livingston county people in Paducah and Mr. Landram's personal popularity with our citizens at once made him a potent factor in the race. Mr. Ferguson's former residence in this city together with the fact that he had represented this senatorial district in the general assembly and was also asking an indorsement at the hands of the people, made him a strong candidate in this county. Mr. Gardner also lived here for several years and has many friends, which added to the influence of our citizens who formerly lived in Graves county, together with the fact that he had a good line on many of the best political workers in the city, put him strictly in the race, and there you are.

As Mr. Landram's name was not before the convention it is but reasonable to suppose that much of his strength went to Mr. Ferguson and the victory fell to that gentleman. An unrecurrent played a part in the convention not generally known, and that was the defeat of the element that was victorious in the recent city primary, and to which the defeated ones of that event contributed, thereby "evening up," as it were.

The man who thinks he understands politics and can accurately forecast events in that line is a fool unless he controls a machine and relies upon corrupt methods to make it a go, and even then the people sometimes rise up and "smash the machine." Yesterday's convention was any man's of the three candidates, until it was called to order and the entries closed. With three men in the field and the assembly divided into three parts would have required a count of noses to determine the victor. Taking the convention as a whole, everything passed off good humoredly, and no good citizen could object to attending conventions of that character.

Evils in the Legal Profession.

We present further evidence that The Register is not alone in pointing out the evils and menace to public peace that exist in the legal profession; and invite close attention to what the Louisville Times says on the subject in the following editorial:

"In getting Abe Hummel safely behind the bars New York has taught a wholesome lesson to scoundrels everywhere, who under the cloak of their profession, are given to the promotion of crime and a subversion of the spirit of the law. Apparently Hummel was prepared to do anything to get what his clients wanted, and whether it was according to legal ethics—a doubtful term at best—he

did not stop to figure. Results were what he sought and what he usually got until Jerome cut short his course. Hummel, however, was in the main a divorce practitioner, and, while his crookedness constituted a running sore on the social body, there are those of his kind standing prominently at the bar of many American cities who have long outraged common decency and made a mockery of justice in other directions.

"Because he's now wearing stripes he's not a whit worse than his brother at large, whose field of endeavor happens to be the defense of corporate 'rights,' and who, in the interest of justice—his retainer quite out of mind—will go any length to thwart legislative interest in that he may get a 'construction' of the law that will infringe popular rights and advance special interests.

"Nor should the luckless Abe be called any more strictly to account than the frenzied ambulance-chasing damage claimant who not only violates the etiquette of his own kind by running down business with book agent pertinacity, but whose witnesses when once marshalled on the field of battle maneuver with marvelous precision whithersoever he may wave his hand. And this cap also fits a certain kind of corporate legal servant who fools no one because he may hold himself aloof and 'clean' from such contamination because his employer provides other agents who are masters at shoveling the filth when it must needs be handled.

"And how much better than Hummel is that kind of a lawyer who traffics and barbers with expert witnesses for expert perjury—expert indeed as witnesses and as liars if anything else?

"Of course there is also the criminal court lawyer whose pre-eminent presence in that same group in many parts of this land goes without saying. More than all the others he has been responsible for the shame and reproach American jurisprudence has had to bear. Hummel with his false affidavits, his chicanery and his tricks is an honored and useful citizen compared to that luminary who invariably holds a heavy lien, if not an outright ownership upon the court, who can pollute juries at his will, can summon up or banish important witnesses at a gesture, can sit in his office and at such a price hold secure the broths of the tenderloin and can give license and protection to gambling. He is an old figure and justice to him has long indeed been blind."

Inviting the President to Paducah.

An invitation to President Roosevelt to visit Paducah this fall when he makes a trip down the Mississippi river from St. Louis to New Orleans, has been extended by the commercial club of this city and every citizen hopes that the president may visit us, if even for a few hours only.

On May 7 The Register published an account of the proposed trip of the president and in an editorial that day suggested that the president be invited to visit our city. A copy of the editorial was sent to Congressman James and when he was in the city a few days ago he informed The Register that he had written to President Roosevelt and urged upon him to include Paducah in his waterways itinerary and that he expected to make a special trip to Washington and personally invite the president to our beautiful city. Mr. James says that it is possible to get Mr. Roosevelt to visit us that he will do all in his power to persuade him to do so. As The Register has started the ball to rolling let the good work be kept up, and if Congressman James needs any help let every organization and society in the city send a formal invitation to the president and thereby make it so pressing upon him that he could not well refuse to visit Paducah. This will be the first time a president of the United States will be within thirty-five miles of this city, and we may never have so good an opportunity again to have one to visit us.

RACKET STORE

The story of merchandising is a very interesting one, and from field to counter, materials are subjected to a great many processes—pass through many hands before the product is ready for the consumer. Labor and skill are necessary and often the touch of the artist is required. Merch-antable goods are the result of creative genius—brains. It matters not whether it is the brain of the manufacturer or the brain of the artisan who executes in detail every part of the work. This productive brain, genius, and skill make stores and merchants possible.

The merchant is merely the distributor of the wares that are made ready for sale, and he occupies a peculiar position in the community. He must choose from the thousands of articles made ready for his counters, and choose those things best suited to the community to which he caters. He must present styles that he considers best suited to his patrons—colors and combinations of colors that he thinks will please. Fortunate indeed is the man who succeeds in supplying the demands of the community he serves!

The merchant must know values, and must know how to procure the best values. It must not be guesswork. He must know!

This takes as much preparation, as much serious thought, as it does to know any profession. It is not child's play by any means for any man in any branch of merchandising to present his wares intelligently and to keep strictly up with the procession.

It has always been the policy of this store to serve the store's interest by serving, to the best of our ability, the store's patrons. In that endeavor we have catered as best we could to the taste and judgment of our customers. We have given much thought and spent a great deal of money in establishing connections that would bring us the very best values that money would buy. Through our New York connection, with a man on the spot all the time, we know of the best things the market affords and therefore are able to offer goods at prices we could not afford to do otherwise.

The merchant's customers are the final arbiters of values, and we believe this is the busy store because of the good values we offer.

This store's success has been made by selling the people what they want, not what we think they ought to want.

Novelties in belts of brown and yellow straw are seen to some extent. Some of them have straw buckles and clasps. Others have the buckles and clasps covered with the same material of the gown. Linen girdles with metal buckles are extremely stylish this season. An antique buckle set with cabuchon stones, is much handsomer, if a woman is lucky enough to possess one. Unless a kid belt is very well modeled, it has but little style, because kid has been done to death in cheap belts. White silk belts are modish and not extravagant if the quality washes. With a colored linen dress, a high belt of matching taffeta is quite chic. Silver belts have come back into favor, and filigree and open-work girdles are decidedly stylish.

Real Estate Profits

Low priced lots on the city limits show the largest per cent profit of any real estate investments. Suburban lots become residence lots just as certain as the little green apple of the spring becomes the big red apple hanging in the tree in the fall—This happens with certainty unless the tree dies or the city stops growing—both very unlikely. The above is the reason that all regular real estate traders deal in suburban lots and own very little or no high-priced property. Fountain avenue lots less than 10 years ago sold for \$450.00, that have changed hands lately at \$1,500.00. Something like five years ago West Jefferson lots sold for \$350.00—the last sale was \$1,000 for a 50-foot lot. **FIGURE THE PER CENT. FOR YOURSELF.** All suburban lots have shown big profits but these are the leaders. You say the above is ancient history and will never occur again—not so, history repeats itself, and just as soon as some dealer puts another addition on the market directly in the path of the best class of improvements and be as liberal with wide streets, wide sidewalks, large alleys, big lots and park forest trees, and asks the same low price of say \$300.00 per lot, then these same profits will be duplicated. Who knows what advancement is in store for Paducah within the next ten years? Don't get left again. Buy one of these lots. Don't be afraid to bet \$300.00 on the city of Paducah. Get there first is the whole sum of the experience of the writer after twenty years' trading in Paducah real estate. These Suburban lots have to be owned by somebody. Be one of the owners and share the prosperity of Paducah: Think this over and you will find it all right, or ask some one's opinion who you think knows. **DON'T GET LEFT AGAIN.**

30 level suburban lots \$1500.00, \$2500.00 cash, balance easy.
Sell 20 lots for \$7500 each and have 10 lots profit left. Try it—others do it every year—so can you—get in the game—You can't lose anything.
W. M. JAMES, Truchart Building.

"THIS IS MY 26TH BIRTHDAY"

—Waldorf Astor.

Waldorf Astor, whose marriage a year ago to Mrs. Nannie Shaw, one of the famous Langhorne sisters of Virginia, created much attention on both sides of the Atlantic, was born in New York, May 19, 1879. His mother, formerly the beautiful Miss Mary Dahlgren Paul, of Philadelphia, was married to William Waldorf Astor, only child of Mr. and Mrs. John Jacob Astor, June 6, 1878, he being the first child born to that union. Young Astor was educated in England and prior to his marriage had made few visits to America. Seven years ago he formally acknowledged his American citizenship, which action was noteworthy, as his father had already renounced his allegiance to the United States. Mr. Astor is the prospective heir to a very great fortune, estimated as considerably more than \$200,000,000. Upon the death of his father this vast estate will revert to him, according to the custom of the Astor family.

A Hose Hint.

In the bluish dusk of the mild, sweet May evening the suburbanite squirted the hose gravely.
"Look here," said a florist, "no wonder your grass and shrubbery don't thrive. That is no way to water them. Hold the hose high. Don't aim it at them like a gun, man."
"No?" said the other. "Why not?"
"Because," said the florist, "grass and flowers must be watered as nature does it. You must imitate rains with your hose. That's the idea. Up in the air with it. Point it towards the sky. Let the spray descend gently in a shower. Now you'll get results."

Financial Topics Discussed.
Birmingham, Ala., May 18.—The session of this, the closing day of the Alabama Bankers' convention, was held at the Country Club. Foremost among those who presented addresses were ex-Governor Joseph F. Johnson, Frank S. Moody of Tuscaloosa, and John D. Walker, of Sparta.

SHE FELT OF HER BELT.

I saw her go shopping in stylish attire
And she felt
Of her belt
At the back.

Her walk was as free and springy as steel wire,
And many a rubberneck turned to admire
As she felt

At the back.

I saw her at church as she entered her pew,
And she felt
Of her belt
At the back.

She had on a skirt that was rusty and new,
And didn't quite know what the fastenings might do,
So she felt
Of her belt
At the back.

She fidgeted around while the first prayer was said,
She fumbled about while the first hymn was read—
And she felt

STORK AS A SONGBIRD.

So Classified by Law in Montana—Joke of a Legislature.

In Montana the stork is by law classed among the singing birds. This is the result of a joke started by a legislator in which the whole legislature joined, says a Helena telegram.

In 1895 the game laws were up for amendment. The house resolved itself into committee of the whole for the consideration of the amendments. The committee was about to arise and report progress, when a Lewis and Clark representative saw an opportunity to spring a joke at the expense of a Cascade county colleague named Stork. To make it more effective, he stepped over and informed the Great Falls representative of his purpose to introduce an amendment including the stork in the protected class; that is, to make it a violation of the law to kill a stork at any season of the year.

Not seeing the joke, the Cascade county member assented to the amendment, which was duly offered, to the effect that the stork be included in the singing bird class and therefore entitled to protection from sportsmen and their shotguns. The Cascade county representative seconded the adoption of the amendment, declaring that he thought it a splendid step.

Then another member from Helena a lawyer, made a somewhat extended speech in support of the amendment, declaring that those who had heard the stork sing could not fail to appreciate its melodious notes, and he asserted with great vehemence that it should by all means be protected against the onslaughts of the cruel hunters. Still another Helena member arose to second the motion and told of the visits of the stork in certain parts of Cascade county.

JUDGE THOMAS O'BRIEN IS
UNCLE OF MRS JUDGE
LIGHTFOOT.

He is Now Minister at Copenhagen,
But Goes to Japan to Suc-
ceed Luke E. Wright.

The dispatches coming yesterday
from Washington, D. C., to effect
that Hon. Thomas J. O'Brien will be
made minister for the United States
to Japan after September 1, has quite
a local tinge of interest, as the dis-
tinguished diplomat is an uncle of
Mr. R. T. Lightfoot, wife of the
county judge of this city. He is one
of the greatest in the corps repre-
senting this country abroad and is
highly regarded everywhere.

Judge O'Brien's home is in Grand
Rapids, Mich., but for three years
past he has been minister from the
United States to Copenhagen, Den-
mark, representing this country with
credit.

Hon. Luke E. Wright of Tennes-
see, is the minister at present to
Japan, but notified the officials last
September that he wants to leave
the service September 1, and in
preparing for a successor to him, the
president has selected O'Brien who
leaves for the Orient late this sum-
mer to assume the duties. His suc-
cessor at Copenhagen has not yet
been chosen.

Judge O'Brien is a warm personal
friend of Mr. Jap Toner, secretary
of the Charity club, who lived at
Grand Rapids for a number of years
before coming here, and who was
connected with the editorial rooms
of the leading paper of that city.

WONDERFUL ANIMALS.

Gentry Bros' Marvelous Four Footed
Fun Makers Visit us on
Tuesday Next.

The amusement lovers of Paducah
know the Gentry Shows. It is enough
to create immediate interest to an-
nounce that this great exhibition,
with its wonderful educated animals,
great feature acts and beautiful street
parade will exhibit in this city for
two performances, afternoon and
night, on Tuesday next. While Gen-
try Bros. have been visiting this
city for twenty years, always pre-
sented a "tip-top" clean and whole-
some exhibition, it will be news to
their patrons to learn that the ex-
hibition which they will offer on Tues-
day is somewhat different from the
Gentry Show which has been here
in the past. Animal actors no longer
monopolize the program to the ex-
clusion of all other kind of acts. Five
hundred four-footed fun producers, as
the advance agent calls them, still
form the foundation upon which the
show is built, but in addition there
will be seen a member of high class
circus acts which not only enables
the management to present a more
diversified program but which frees
the show from sameness and similar-
ity, and at the same time adds great-
ly to the ring performance as an en-
tertainment. The time has also come
in the opinion of the Gentry Bros.,
for all high class tent shows to im-
prove their street parade, which is,
after all, a pretty fair index as to the
character and quality of the perform-
ance, and their street pageant this
season while still a miniature affair,
said to be one of the handsomest
spectacles on wheels.

WORLD'S SUNDAY SCHOOL CONVEN- TION AT ROME

Rome, May 18.—One thousand de-
legates, representing thirty million
people throughout the world, were
present today at the opening of the
fifth World's Sunday School con-
vention. The representation of the
United States is larger than that of
any other country. Foremost among
the Americans in attendance are John
Wanamaker of Philadelphia, Bishop J.
D. Haskell and President Edward K.
Warren of the American Sunday
School association. Canada likewise
is represented, as well as England,
the Scandinavian countries, China,
Japan, Australia, the West Indies
and Africa and India.

The Rev. F. B. Meyer of London,
will lead the first service tomorrow
morning, and this will be followed by
a number of communion services.
The delegates from each denomination
meeting in their respective churches.
In the afternoon the convention ser-
mon will be preached by the Rev.
Dr. G. Campbell Morgan, of London.
Monday, Tuesday and Wednesday
will be devoted to the convention
services, with morning conferences in
English, French, German and Italian.
The afternoon and evenings will be
given to addresses on important sub-
jects by Bishop Hartzell of Africa,
Bishop William of Switzerland, Rev.
Dr. C. R. Blackall of Philadelphia,
Charles Waters of England, Marion
Lawrence of Ohio, and others of
prominence. The closing service
will be held Thursday evening, with
addresses on the significance and in-
fluence of the convention. The final
address will be delivered by the Rev.
Dr. John Potts of Toronto.

To Observe Sunday School Day.

New York, May 18.—In order to
call attention to the World's Sunday
School Convention now in session
in Rome, tomorrow is to be observed
by a large number of the churches of
the United States as "Sunday School
Day." The plan which is to be fol-
lowed in most churches calls for a
presentation from the pulpit of the
outlook for the Sunday school move-
ment, considering especially the or-
ganized efforts of which the world's
convention is one evidence, and the
international convention, which meets

next year in Louisville, another.
Leaders in all religious bodies, in-
cluding some which do not co-oper-
ate in the international system, are
expressing their convictions that the
Sunday schools are the most prom-
ising fields for evangelization and for
building up the churches. For this
reason there has been of late an

awakened interest in Sunday school
methods, and the schools have come
to be recognized as an essential part
of the churches instead of adjuncts
to them.

Commencement at Abbeville.
Abbeville Ala., May 18.—Sixteen

mon will be preached tomorrow by

will be delivered by Dr. C. C. Mc-
Gehee of Montgomery.

HON. MAC D. FERGUSON GOT M'CRACKEN INSTRUCTIONS

AT THE COUNTY CONVENTION HELD YESTERDAY AT THE COUNTY COURT HOUSE MR. FERGUSON WAS NOMINATED IN A SPEECH BY HON. J. S. ROSS, WHILE COUNTY ATTORNEY BARKLEY NOMINATED BUNK GARDNER OF GRAVES COUNTY — FERGUSON HAS DOUBLE THE SUPPORTERS AS HIS OPPONENT T.

Hon. Mac D. Ferguson, the present railroad commissioner from this district, captured the instructions at the democratic convention for Paducah and McCracken county at the county court house yesterday afternoon, about 400 being on the Ferguson side when a division was called for, to about 200 on the Bunk Gardner side. By the decision of the gathering Mr. Ferguson gets the fourteen delegates from this city and county.

At 2 o'clock sharp Mr. W. A. Berry, the lawyer, who is chairman of the county democratic committee, called the convention to order, and it could be seen that the interest was intense. By a unanimous vote of the assemblage he was made permanent chairman, and Deputy Sheriff Gus Rogers permanent secretary.

Chairman Berry then called for nominations and Hon. J. S. Ross, of the law firm of Crice & Ross, put in nomination Hon. Mac D. Ferguson. Attorney Ross made a most eloquent

James Collins, Mayor Yeiser, Judge Thomas Crice, Hon. Hal S. Corbett, Police Commissioner Mann Clark and other prominent men, while the Gardner side that went down to ignominious defeat was lead by County Attorney Barkley, Tom Harrison, Wheeler Campbell, Gus G. Singleton, Colonel Robert H. Noble, Judge Lightfoot, James M. Lang, Charles E. Graham, and also George Walters, the printer, who was supposed to deliver the labor vote to Gardner, but everything was over on the other side against him. Mr. Lang saw what overwhelming defeat he and the other Harrison-Gardner men were up against, so he went into the county clerk's office and watched the proceedings from the window. His co-workers tried to get him to come out and take a hand, but he could not face them.

The convention was an exceedingly large one and evidenced the interest steadily growing in politics, an unusually large number of representa-

speech in placing forward Mr. Ferguson's name, the speaker announcing that the local forces for Hon. George Landram of Livingston county had withdrawn and would not try to capture the McCracken county delegates, who are of Mr. Ferguson's state senatorial district, in view of the fact that Mr. Ferguson did not try to enter Mr. Landram's senatorial district which will go solid for Mr.

and leading business men of the city being present, and nearly all on the Ferguson side.

On instructing for Mr. Ferguson, who is the present railroad commissioner from this district, and candidate for re-election, the convention adopted the following resolutions:

Be it Resolved, by the democrats of McCracken county, in mass convention assembled at the court house

Landram. Mr. Ross continued that, inasmuch as Mr. Ferguson had not tried to enter the senatorial district of Gardner of Mayfield who will get his district solid, that Mr. Ferguson was therefore entitled to the instructions from every county in this senatorial district, which includes McCracken county. Mr. Ross paid a grand tribute to Mr. Ferguson, and when he finished County Attorney Alben Barkley nominated Bunk Gardner of Graves county, in trying to take some instructions from part of Mr. Ferguson's senatorial district. Mr. Barkley also spoke glowingly of his favorite, and this being all the nominations made the crowd was divided, the Ferguson men taking to one side of the walk leading up to court house, and the Gardner men to the other side. In the Gardner crowd there could be seen an unusually large number of Mayfield and Graves county people who had no right to participate in the local convention.

At a glance it could be seen that about twice as many people were for Ferguson as were Gardner, and Chairman Berry announced that this county's instruction would go for Mr. Ferguson, who was then called upon for a speech he delivered amid tumultuous applause.

The Ferguson forces were lead by Hon. J. S. Ross, Chief of Police

at 2 o'clock, May 18, 1907, that the democrats hereinafter named be and they are hereby chosen as delegates to represent and cast the vote of this county at the district convention, to be held at Henderson, Ky., on the 21 of May, 1907, and they are hereby instructed to vote as a unit, the vote of said county, for Mac D. Ferguson as the democratic nominee for railroad commissioner of the First Railroad Commission district, and use

all honorable means to secure his nomination.

Said delegates so chosen and hereby appointed, are as follows:

W. A. Berry, A. H. Ogilvie, F. L. Scott, Dennis Moequot, John D. Smith, J. S. Ross, Hal Corbett, W. F. Bradshaw, Jr., E. G. Boone, W. V. Eaton John Hardin and Joe Miller, of Paducah, and Baxton Kirkendahl, and Hugh Stout, of Woodville, Ed Willet.

Other Counties Heard From.

The dispatches last night showed that at the convention held in the different counties over the district Mr. Ferguson captured the instructions and delegates in the following counties: Ballard, 8 delegates; Carlisle, 7 delegates; Hickman, 8; Marshall, 8; McCracken, 14; Union, 13; Muhlenberg, 10; Grayson, 8; Hardin, 14; LaRue, 7; total, 97.

Hon. George Landram of Smithland captured Livingston, 6; Calloway, 12; Crittenden, 6; Hopkins, 16; total, 40.

Mr. Bunk Gardner of Mayfield, got Graves, 25 delegates, and Fulton county, 8 delegates; total, 33.

Herman Southall of Hopkinsville, got the following counties: Trigg, 6; Christian, 13; Henderson, 17; Webster, 11; Breckinridge, 10; total, 57.

Lawrence Finn of Simpson county, got Caldwell, 6; Daviess, 24; Hancock, 4; Allen, 7; Barren, 15; Butler, 5; Logan, 13; Metcalfe, 5; Simpson, 8; Warren, 17; Todd, 8; Ohio, 13; Hart, 8; Monroe, 4; total, 137.

The Lyon county vote of 4 delegates went uninstructed, with Mr. Gray as chairman of the delegation, and Mr. Ferguson states Mr. Gray is a personal friend of his, therefore he can be considered in the Lyon instruction. Mr. Ferguson has secured instructions in Trigg and Crittenden county.

Landram got second instructions in Marshall, Union and Christian counties, he being second choice in counties giving fifty-eight votes, exclusive of his forty-first choice.

Messrs. Landram and Ferguson both claimed Lyon county last night, but this delegation of four goes unin-
